

# Take the City Nature Challenge 2022

29 April–2 May 2022

## What is the City Nature Challenge?

An international event that showcases the biodiversity within your city.

Twelve cities in South Africa are participating in the City Nature Challenge.

## How to participate

- Find wildlife in your city.
- Visit gardens, streets, parks, beaches and nature reserves.
- **Human and domestic animal pictures do not count.**

## What do you need:

- A **GPS enabled** smartphone.
- Internet connection to upload observations (at home, school, city reserves, city library, **coffee shops**).
- To participate: install the app, sign up and get started!

- 1 Join iNaturalist:  
<https://www.inaturalist.org>

[App Store]

[PlayStore]

- (2) Use your smartphone or camera to find wildlife and take a photograph.
- (3) Upload the observation and share it with the world.
- (4) Check back to see what people say about it.

Join the Southern Africa umbrella project ([www.inaturalist.org/projects/city-nature-challenge-southern-africa-2022](https://www.inaturalist.org/projects/city-nature-challenge-southern-africa-2022)) to find your city and the events happening near you.
