

Global Observations

"This global community of passionate people is really impressive and genuinely inspiring."

-Naftali Honig

NATIONAL GEOGRAPHIC EMERGING EXPLORER

"It's the 'real deal' when it comes to citizen science in wildlife observations."

-Joao Silva

UNDERWATER PHOTOGRAPHER

"It's wonderful how it connects people of different locations, levels of expertise, and experience."

-Anna

The largest community of naturalists in the world

iNaturalist.org

WHAT IS **iNATURALIST**?

iNaturalist is an online community that allows naturalists all over the world to connect and share their observations.

On iNaturalist, you can:

- Share your observations of wild organisms
- See what other naturalists have found nearby
- Get identification help
- Keep a life list
- Expand your nature knowledge

Over **31 million** observations of over **250,000** different species

Over **80,000** active users daily in **240+** countries

CONTRIBUTE TO CITIZEN SCIENCE!

Upload a picture of any wild plant, animal, or fungus

iNaturalist's community and image recognition software will help you identify it

Help out other naturalists by identifying their observations

Every observation becomes part of a growing record of Earth's biodiversity

Available on iOS, Android, and at inaturalist.org!
